2. Use of the vehicle. The vehicle may be used for social, domestic and pleasure purposes and for the insured's business or profession. It must not be used for hire or reward, racing, speed testing or any purpose connected with the motor trade.

3. Driver. Any person may drive the vehicle with the insured's permission, provided that the driver holds an effective driving licence for a two wheeler and is not disqualified from holding one.

4. Claims. The insured must tell the company about any accident, theft or damage as soon as possible and must not repair or dispose of the vehicle before the company has had a chance to inspect it. Theft and serious damage must also be reported to the police.

5. Total loss. If the vehicle is stolen or damaged beyond economical repair, the claim is settled on the basis of the insured declared value shown in the schedule, subject to the terms of the policy.

6. Pollution and fitness. The insured confirms that the vehicle holds a valid pollution under control certificate and, where applicable, a valid fitness certificate, and will keep them valid during the policy period.

7. Misrepresentation. The company may cancel the policy if it finds that material facts were hidden or wrongly stated. Premium refunds, where due, are paid as set out in the policy wording.

8. No claim bonus. The no claim bonus shown applies to the next renewal if no claim is made during this policy period and the policy is renewed without a break.

9. Grievances. Please write to the customer care team of the company for any query or complaint. If the matter is not resolved, the insured may approach the insurance ombudsman for the region.
